WILL NEVER CHALLENGE UNDER PRESENT RULES

NEW YORK, May 19.—Sir Thomas Lip-ton made a very important declaration in the matter of future America's cup challenges. Dining with a former commodore of an Eastern yacht club who is well known to all Americans prominent in the sport, a short time ago in London, Sir Thomas said in the most emphatic manner to his New England yachting friend:

"I do not ever intend to challenge again for the America's cup unless the New York Yacht club's rules are so changed that I can take a serviceable sea boat across the Atlantic."

In addition Sir Thomas authorized his friend to repeat this declaration if he desired to do so when he returned to New York. Sir Thomas admitted to his friend that he much as never it was his ambition to win the America's cup.

PROFESSIONAL LEAGUE LOOKS GOOD TO FANS

The baseball fans of Provo will hold a meeting at the Commercial club Wednesday night to meet with the Provo business men to ascertain whether Provo should have a team the coming season or not. Baseball enthusiasts from this city will attend the meeting and will use their influence to help the Provo boys out. The Garden City fans are trying to raise \$1000 to start a representative team from that city to enter in the proposed professional league, and while Provo has not seen much of professional ball there is enough interest to support a permanent organization for the city. The committee on by-laws and constitution are to report at this meeting with their work completed and ready to be passed upon.

Friday night a meeting will be held at the Kenyon hotel at which representatives from all the proposed professional teams will be present to elect officers and perfect a permanent organization for the State. The committee on by-laws and constitution are to report at this meeting with their work completed and ready to be passed upon.

Butler After Folsom.

Kid Butler was not kidding when he issued a challenge to box any 150-pound man in Utah for a side bet, or the winner take all—Kid Folsom preferred—for ten or twenty rounds. If the match is made the pair will withdraw to some place where boxing is allowed.

S.S.S. THE BLOOD

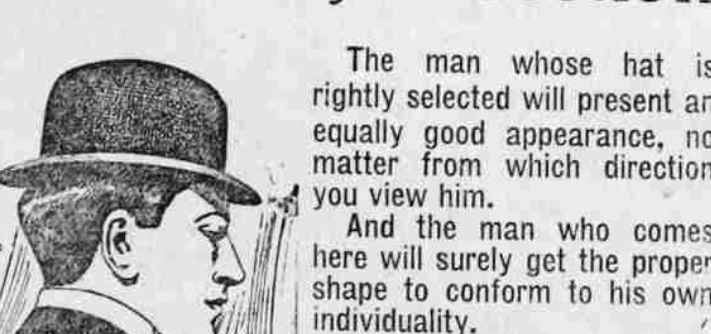

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper—an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice desired sent free to all who write.

BICYCLE RIDERS TO REAP RICH HARVEST

The run storm Wednesday made the bicycle riders take a day off from training, and with nothing to do the boys got down to figuring how much money they would make the coming season. With the Salt Palace and Ogden tracks going the riders are prospects of about \$25,000 in sight for them to be given in prizes. There are about forty riders here and if the money was equally distributed each would get \$625 for three months' work, or nearly \$200 per month. The men will be able to earn all the way from \$2000 to \$5000 while the slower riders will make so much.

There was also a great deal of speculation as to which men would win at the opening meets. Clarke and McFarland will team and are considered the fastest men here, but Downing, Samuelson, Hopper and Hollister must not be overlooked, as these boys are riding fast and are in the best of shape. Downing says he is going to cut into the "pile" on the opening day and says that judging from the riding of the other men, training he believes, he can win that \$100 first at Saltair.

Manager E. J. O'Brien of the Salt Palace will announce his programme probably today. The riders are anxious to know what is in store for them at the "old stand," which is beginning its tenth successful year in cycle racing.
